The Portuguese Association of Furniture and Related Industries (APIMA) counts with more than 25 years representing the sector national and internationally. Throughout its existence and work APIMA has been playing a fundamental role in the development of the sector, giving him the importance and recognition he deserves.

INTERFURNITURE is a registered brand created by APIMA to give an identity to its international projects and promote the sector's competitiveness. To achieve this goal support actions are developed to promote the image of Portugal as a high quality productive country and put the "Made in/Made by Portugal" product at Premium level.

Allied to its identity it has also been created the slogan "Portugal, a name to remember". This signature is the complement for the created word and is intended to call the attention upon the Portuguese product as something to remain in the memory of those who have the privilege of getting in touch with it.

Once again APIMA organizes the Portuguese participation in this event presenting the best of Portugal in the furniture and decoration world.
