LUÍS SILVA

Nível 2 - Pabellón 2 - Stand E31

Writing our history since 1986

We are much more than mere sofas -we are people with an unmatched capacity to create, produce and turn an object of everyday life in an object of desire. The redesign of our identity intent to represent and emphasize our authenticity and uniqueness - and yet it is undeniably a part of our language. The creative process had its genesis in the sum of some elements and values that proved to be the pillars, since the beginning, of Luís Nunes da Silva, Lda. - the high quality raw materials, rigorous manufacturing process, the most competent and passionate professionals, that produce, every day, Luís Silva sofas, and finally, the proud to represent the best of Portugal.

Escribiendo nuestra historia desde 1986

Somos mucho más de lo que meros sofás...somos personas con una capacidad inigualable de crear, producir y transformar un objeto común en un objeto deseable. La renovación de nuestra identidad pretende destacar nuestra autenticidad y unicidad – y, además, representar una parte integrante de nuestro singular lenguaje. Este proceso creativo tuvo en su origen en la reconciliación de elementos y valores que desde el primer momento se revelaron como los pilares de Luís Nunes da Silva, Lda.: materia prima de alta calidad, proceso de fabricación bajo rigorosas normas, los profesionales más competentes, la pasión diaria en la producción de los sofás Luís Silva, y, por último y no menos importante, el enorme orgullo por poder representar lo que de mejor se hace en nuestro Portugal.

WONDERLIGHT

Nível 2 - Pabellón 4 - Stand L6

Wonderlight is a Portuguese brand of decorative lighting present in Portugal and international markets.

Our products are all produced in our factory, by specialised craftsmen, experts in working with brass, copper and stainless steel.

Wonderlight has its own atelier for manufacturing lamp shades, working daily to meet the internal project needs and those of our clients.

Our design office is permanently looking for new designs and the best solutions for each product.

Our mission is to be available and close to our customers, so that together, we can satisfy their needs and the needs of their clients, in a professional and personalized manner.

Our values focus on:

- > Quality*
- > Precision*
- > Design*

Our light fittings follow a vintage design, inspired by modern times and contemporary art of the 60's and 70's era.

In addition to lighting solutions, these are decorative pieces of art, that mark the difference in the spaces they are placed.
